Promises

Handsome Ghost

I've been living like a pretender
Ready for the reason to fall apart
Demons living deep in the center
Of my heartBut listen, I have made a decision
I am finished fading into the dark
I need another shot at beginning
Let's restartI'll tell you once
I'll tell you twice
And I don't care who listens
I will shout it to the northern lightsI'm gonna keep
All these promises, promises, promises, promises, promises
And you're gonna see
I want all of it, all of it, all of it, all of it, all of it
Patient but it's making you restless
Turn into tomorrow, you follow moons
Cigarette, you're tracing the edges of your roomI'll tell you once
I'll tell you twice
And I don't care who listens
I will shout it to the northern lightsI'm gonna keep
All these promises, promises, promises, promises, promises
And you're gonna see
I want all of it, all of it, all of it, all of it, all of itFront door
What have I been waiting for
You're out back
You should know that
I'm gonna keep
All these promises, promises, promises, promises, promises
And you're gonna see
I want all of it, all of it, all of it, all of it, all of itI'm gonna keep
All these promises, promises, promises, promises, promises
And you're gonna see
I want all of it, all of it, all of it, all of it, all of it
Shout it to the northern lights
