Hormon Mob

Agathocles

Toxic meat - for you to eat
Hormons pushed - for greedy lust
Vannoppen did - fight this shit
Now he's dead - a bullet in his head
Stop the hormon mob
Killing for profit is their job
Chemical dish - is that what you wish ?
Steak and beef - from a mutant breed
For sick profit - you get sick meat
That's the mob - that's their job
Stop the hormon mob
Killing for profit is their job
