High Life Scenery

The Rocket Summer

You got everybody talkin?
You got everybody goin?
You got everybody actin? crazy
I'm not gonna say you don't
You got everybody listenin?
You got everybody puttin? on a show
You got everybody actin? crazy
I'm not gonna say you don't, you got it all wrong
You?re so scene listenin?
You can feel that you won't sing anythin?
You know you need to take it, to take this seriously
?Cause seriously this high life scenery, it makes me crazy
Hey, what do you say? I need some help, help me out
Boys, I'm not feelin? so good
Girls, I got the feel that you?re feelin? somethin?
That you say is more than you
Everybody in here's got it goin? on
I can't compete with that
I'll take off all of my clothes to the thrift store
And take it all, take it all back
You?re so [Incomprehensible] listenin?
You can feel that you won't sing anythin?
You know you need to take it, to take this seriously
?Cause seriously this high life scenery, it?s makin? me
Hey, look what do you say?
Take a look, take a look
You lookin? at me
Singin?, thinkin?, I?m about to scream
You?re so [Incomprehensible] listenin?
You can feel that you won't sing anythin?
You know you need to take it, to take this seriously
?Cause seriously this high life scenery, it makes me crazy
You?re so [Incomprehensible] listenin?
You can feel that you won't sing anythin?
You know you need to take it, to take this seriously
?Cause seriously this high life scenery, it makes me crazy
