

Don't Disturb This Groove (Redux)

The System

Pay attention, are you listening? You're my favorite girl
Excuse me for the moment, I'm in another world
On a mountain, by a fountain, flowers blooming everywhere
With Venus and cupid, the picture's very clear
Hang the sign upon the door, say, 'Don't disturb this groove'
Just a way to say that, I'm so into you
And the feelings so real, so don't disturb this groove
Erotic whispers for the listener, let the music fill the air
Excuse me for a moment, I'm at a loss for words
By election sheer perfection and as if these eyes would care
Your heart is in the right place, so don't you go and change
Baby over and over the passion starts again
You're my lollipops and everything and a little taste of sin
Causing fire and desire in this mortal soul to live
Till the angels fall from heaven and the day the earth stands still
Hang a sign upon the door, say, 'Don't disturb
this groove'
Just a way to say that I'm so into you
And the feeling's so real, so don't disturb this groove
Just a way to tell you that I'm so into you
Close your eyes and let the music put you in the groove
Lock the door and turn the phone off, it's time for me and you
Hang the sign upon the door, say, 'Don't disturb this groove'
