

How Can Love Hurt So Much

The Knack

convincing myself i don't want you
but nothing i say can make it true
how can love make you cry
when we hunger for love's touch
why do we even try please tell me
how can love cause such pain
why do tears fill your eyes
love is trust love's not a game
love is life with a sigh (ah) why do i believe in
dreams that don't come true
when the magic's over
what can you do
