Like a Fool

Shelby Lynne

I never knew
I never do
How love controls me
Seeing you
The first time
You got a hold'a meBut like a fool
A fool in love
There's always bliss and happiness
Love is blind
But I will see
Like a fooool
Like a foolI get confused
Don't know what to do
Over you
I get so used
Black and blue
You do tooBut like a fool
A fool in love
There's always bliss and happiness
Love is blind
But I will see
Like a fooool
Like a foolLike all the other clouds
That hide behind the frowns
Makeup can't conceal
My eyes
My love for you can't tell a lie
Without you I would die
I'd fall on my knees if you'd stayBut like a fool
A fool in love
There's always bliss and happiness
Love is blind
But I will see
Like a fooooooool
Like a foolLike a fooooooool
Like a fool
