

# Running in the Desert

## Malea

In the fall of night  
Running for my life  
In the fall of night  
Hope I will arrive  
In the fall of night  
Hope I will survive this time I was young  
When I lost my mind  
I was strong  
Enough I stayed alive  
There was no one ever by my side  
Hold me feed me crying out my name  
Something told me to run but I stayed Running in the desert  
As fast as I can  
Trying to lose forever  
What's stuck in my head  
I can hear it coming  
Coming in the wind Running in the desert  
Faster I breathe  
Trying to find whatever  
I cannot see  
Running in the desert  
Hope you find me And it feels like this could take some time  
Man I feel like I am going blind  
I can still remember  
I can still remember  
Love  
I was young  
When I lost my mind  
I was strong  
Enough I stayed alive  
There was no one  
Ever by my side Hold me feed me  
Crying out my name  
Something told me to run but I stayed Running in the desert  
As fast as I can  
Trying to find whatever  
I don't understand  
I can hear it coming  
Coming in the wind Running in the desert

Faster I breathe  
Trying to find whatever  
I cannot see  
Running in the desert  
Hope you find me  
Hope you find me
