

# Make Love

## ELEPHANT LOVE

Girl lights out candles lit tonight's gone be a night to remember  
And your body's gone be saying thank you like the Thursday in Nov  
And i promise i'm gonna work you hard  
Something like you've never experienced  
Girl i got just what you want right here(chorus)So baby can we make love  
Baby can we make love tonight  
Baby can we make love, i definitely want your body come and give it to me  
but give me your heart and your soul , cause with you i don't wanna just have sex  
your love is amazing and baby your the best(chorus)Girl i love the way you look at me  
Girl you undress me with your sex ray vision  
And i promise imma make imma make imma make your body my mission  
(you wont be sorry)  
You gone take me where i need to be  
That's why whatever your request is i'll oblige it(chorus)Can we make love baby
