

Save Me

Forty Foot Echo

Sit around and lose myself
Again
Never thought I'd wait
To realize
I can't hold on
To what you see
I can't move when your down on your sceneOur mistake
Its all I remember
Trying to hold on
To all of my waysChorus:So save me
In my life
Just hold on
How could you realize?
Just save me
In my life
Just hold on
Got to realize
GoodbyeSit around and find myself
Again
Never thought I'd wait
To justify
I can't hold on
To what you see
I can't move when your down on your sceneChorusGoodbye
Ooh GoodbyeSo save me
So save me
In my life
Just hold on
How could you realize?
Just save me
In my life
Just hold on
How could you realize?
So save me
In my life
Just hold on
How could you realize?
So save me
In my life

Just hold on
Ooh
