

# Getting There

## The Bacon Brothers

Well, the sun sets in the west  
But as fast as you go  
How would you know?  
You're a busy boy, I guess  
Who just wants the gold  
At the end of the road  
Think of all you miss  
Passing through like this  
You want an answer  
As soon as you say a prayer  
You want to land  
The moment you're in the air  
Baby, the living is all  
In the getting there  
Don't be the first in every line  
Now and then you can be at the end  
'Cause there's only so much time  
And you can't get back  
Every minute you spend  
You're not even sure  
What you're running for  
You want an answer  
As soon as you say a prayer  
You want to land  
The moment you're in the air  
Baby, the living is all  
In the getting there  
Think of all you miss  
Passing through like this  
You want an answer  
As soon as you say a prayer  
You want to land  
The moment you're in the air  
Baby, the living is all  
In the getting there  
The living is all  
In the getting there  
Getting there
