Relax Your Mind

Boyz Ii Men

Come on, come on
I know you've heard this line a thousand times
That the way you look tonight just blows my mind
Let's go some place for we could talk a while
'Cause I don't wanna lose this vibe
Don't wanna push you but where are your friends, yeah
And I'll make sure that you get home when the party ends
'Cause there's some place I'm sure you would like to know
Just as long as you don't say no
Don't wanna waste your time
Sit back and relax your mind
I wanna be what you need and more
Just tell me what you like
Girl, are you hungry let me cook for you
My place is near, just right out Park Avenue
I know a place that's not too far away
Fly first class, New York to L.A.
Listen, I know you're feeling me, I'm feeling you
So let's take this slow before we try to make this move
I won't say words that I don't really mean
'Cause I want you to stay with me
Don't wanna waste your time
Sit back and relax your mind
I wanna be what you need and more
Just tell me what you like
Don't wanna waste your time
Sit back and relax your mind
I wanna be what you need and more
Just tell me what you like
I like it, I like it, I really really like it
I'm for it, adore it, Boyz II Men, you got me okay
I like it, I like it, I really really like it
I'm for it, adore it, Boyz II Men, you got me okay
And you got me
Don't wanna waste your time
Sit back and relax your mind
I wanna be what you need and more
Just tell me what you like
Don't wanna waste your time

Sit back and relax your mind
I wanna be what you need and more
Just tell me what you like
