

I Can't Stop This Feeling I've Got

Razorlight

I can't stop this feeling I've got
I know who I am and I know what I'm not
I know where I've been and I know what I've lost
But I can't stop this feeling I've got Wasn't looking ahead and I heard
Didn't I see, didn't I learn?
And I don't know what you mean to me
But I'm starting to think, it's just a mystery I can't stop this feeling I've got
I know who I am and I know what I'm not
I know what I've gained and I know what I've lost
But I can't stop this feeling I've got Wasn't looking ahead and I heard
Didn't I see, didn't I learn?
I may be right you may disagree
But I'm starting to think, it's just a mystery
Whatever it is, it's just a mystery Ah, you don't really look so easy
You spend a lifetime looking for someone
And then they come and you're just so uneasy
You get the feeling that if I don't come
Then there's one more story be on your way And I can't stop this feeling I've got
I know who I am and I know what I'm not
I know where I've been and I know what I've lost
But I can't stop this feeling I've got The scar before then see me split
You may say that isn't it
I may be right you may disagree
Same old story, same old me And I don't know what you mean to me
But I'm starting to think, it's just a mystery
I've got to admit, it's just a mystery
