I Can't Stop This Feeling I've Got

Razorlight

I can't stop this feeling I've got
I know who I am and I know what I'm not
I know where I've been and I know what I've lost
But I can't stop this feeling I've gotWasn't looking ahead and I heard
Didn't I see, didn't I learn?

And I don't know what you mean to me
But I'm starting to think, it's just a mysteryI can't stop this feeling I've got
I know who I am and I know what I'm not
I know what I've gained and I know what I've lost
But I can't stop this feeling I've gotWasn't looking ahead and I heard

Didn't I see, didn't I learn?

I may be right you may disagree

But I'm starting to think, it's just a mystery Whatever it is, it's just a mysteryAh, you don't really look so easy

You spend a lifetime looking for someone

And then they come and you're just so uneasy

You get the feeling that if I don't come

Then there's one more story be on your wayAnd I can't stop this feeling I've got

I know who I am and I know what I'm not

I know where I've been and I know what I've lost

But I can't stop this feeling I've gotThe scar before then see me split

You may say that isn't it

I may be right you may disagree

Same old story, same old meAnd I don't know what you mean to me

But I'm starting to think, it's just a mystery

I've got to admit, it's just a mystery
