

# How Can You Really

## Foxygen

[Verse 1]

In the morning when they found us  
And we woke up in the coconut wind  
How you took my hand and told me  
All the stories of the places you'd been[Pre-Chorus]  
And how you thought that I would make it  
Now you were the one for me, yeah[Chorus]  
How can you really love someone who can't love you  
How can you love someone you can't leave  
It's my fault, it's your fault too  
How 'bout you go and find somebody who can love you[Verse 2]  
When I wake up in the morning  
How long until you roll in my dreams  
But how I learned not to care  
If you're not the story that's easily seized  
And how can you treat me so badly  
If you love me don't treat me so mean  
Cause I'm... darlin', politely asking  
Can't you see all the pain that I'm in[Pre-Chorus]  
It's gettin' pretty hard to make it  
That's all the time for me, and for you[Chorus x4]  
How can you really love someone who can't love you  
How can you love someone you can't leave  
It's my fault, it's your fault too  
How 'bout you go and find somebody who can love you
