

Snowflakes

[Olivia Holt](#)

Some people spend their whole life in the clouds
Some ride the wind and never hit the ground
Some will shine like diamonds in the sun
Heaven sent down each and every one We are snowflakes
Floating till we find our place
From a distance we may look the same,
but we're beautiful in our own way
We are snowflakes Will I sparkle, will I drift Or will I dance
Will I melt when I touch another's hand
Will I learn from my mistakes when I fall
And remember when I get to feeling small We are snowflakes
Floating till we find our place
From a distance we may look the same,
but we're beautiful in our own way
We are snowflakes And all I can do is do my best
is what is that makes me different from the rest
And nothing more,
and nothing less We are snowflakes,
Floating till we find our place
From a distance we may look the same,
but we're beautiful in our own way
We are snowflakes
Oh, yeah snowflakes
