

Learn to Sing

Sherwood

There's too many ways, too many ways, I could spend hours in my day,
So many ways, so many ways, I could spend money I've made,
And if I try, I'll never have to learn a thing,
There's too many ways, too many ways, I could spend hours in my day, And we'll see, when winter's finally
broken,
Everything, the words that we have spoken,
We'll only need a thing,
And if we fail to notice, what they have tried to show us,
We'll never learn to sing, You're never alone, never alone, can't you see you only think so?
Favorite show, favorite show, turn it on can't miss an episode,
And if you try you'll never have to learn a thing,
Never alone, never alone, can't you see you only think so? And we'll see, when winter's finally broken,
Everything, the words that we have spoken,
We'll only need a thing,
And if we fail to notice, what they have tried to show us,
We'll never learn to sing,
