

# Fall Into Me

## Sugarland

When the weight of the world bears down so strong  
You leave footprints on the street  
And there's too many miles to face  
Without a few more hours sleep The storm clouds overhead won't shed  
Any rain to quench your thirst  
I wanna be the one you reach for first When your faith is stretched so thin  
That you can see straight through your soul  
And you can't find a nickel to buy a smile  
'Cause your pockets all got holes You wanna shut the door and hide  
Before the day can get much worse  
I wanna be the one you reach for first Fall into me  
My arms are open wide and you don't have to say a word  
'Cause I already see  
That it's hard and you're scared and you're tired and it hurts  
And I wanna be the one you reach for first I wanna be the bottle  
You've been drinking with your eyes  
Or the road you run away on  
You've been running all your life The third row pew that you last knew  
As a child in church  
I wanna be the one you reach for first Fall into me  
My arms are open wide and you don't have to say a word  
'Cause I already see  
That it's hard and you're scared and you're tired and it hurts  
And I wanna be the one you reach for first Before your turn the key  
Before you fall asleep  
Before your drift away to fight those demons  
Waiting for you in your dreams Before your arms are stretched wide open  
Before you're reaching for the sky  
Before you're searching for direction  
And all the answers to your why's Fall into me  
Well, my arms are stretched wide open, you don't have to say a word  
Because I already see  
That it's hard and you're scared and you're tired and I know it hurts  
Yes, it's hard and you're scared and you're tired and it hurts  
And I wanna be the one you reach for first
