Paralyzed

Caliban

I'm just a shadow, just another brick
I'm just an echo, it makes me sick
They shove it, down my throat
all this bullshit
Makes me overdoseI'm the ghost, you're the night
I'm the shadow, you're the light (x2)I am paralyzed
(oh I'm paralyzed)I am tired of your ties
My reflection of your lies
I am paralyzedyou fucking prick
drop dead
you make me sick
bleghyou fucking prick
drop dead
you make me sick
I'm here to forgetI'm still a shadow, it ain't ever gonna stop
I'm still an echo; I still wont wake up
and they're still shoving down my throat
they're never gonna stop until I overdoseI'm the ghost, you're the night
I'm the shadow you're the light (x2)I am paralyzed
(oh I'm paralyzed)I am tired of your ties
my reflection of your lies
I am paralyzedyou fucking prick
drop dead
you make me sick
bleghyou fucking prick
drop dead
you make me sick
I'm here to forgetI'm a ghost, I'm a shadow; breakout
I am lost, I am an echo; break...throughI am a ghost, I'm a shadow; breakout
I am lost, I am hollow; breakoutI'm the ghost, you're the night
I'm the shadow, you're the light
I am paralyzed
(oh I'm paralyzed)I am tired of your ties
my reflection of your lies
I am paralyzedyou fucking prick
drop dead
you make me sick
bleghyou fucking prick
drop dead

you make me sick!
I'm here to forget!
