It Keeps on Raining

Gwen McCrae

I wonder why he don't waste seems to rain
when he's gone
hum when my man 's gone
I say he don't waste seems to rain
hey when my man is gone
oh long when he's gone
The weather man says
it will be worsted day
but look is the rain raining raining
he says bad now
clouds 's get moving far away
but it keeps on raining yes it 's

raining raining
hey hey â€¦â€¦â€¦..it's started raining
and I know that I 've done you wrong
low it's my heart paining
I wonder why he don't waste it s' keep on raining
hey hey when he's gone
oh yeah when my man 's gone
The weather man says
it will be very sunny day
look what is do look what is do
lonely it keeps on raining raining raining
look oh long â€¦â€¦â€¦â€¦â€¦â€¦â€¦â€¦.
Then i share honey
love won't be raining raining
the weather man says
love is too strong
he could stopped raining from both
