Electric Guitars

Prefab Sprout

I had a dream that we were rock stars
And that flash bulbs popped the air
And girls fainted every time we shook our hair
We were songbirds, we were Greek Gods
We were singled out by fate
We were quoted out of context it was greatGrander than castles, cathedrals or stars
Electric guitars
Riots in airports everywhere that we go
Mascara meltdown hysteria a go go
Electric guitars
Grander than castles cathedrals or stars
Electric guitars
Riots in airports everywhere that we go
Mascara meltdown hysteria a go go
Electric guitars
Electric guitarsWhen I woke up I was laughing
Well what else was I to do
Every detail of the dream I had was true
We were songbirds, we were Greek Gods
We were singled out by fate
We were quoted out of context we were greatGrander than castles, cathedrals or stars
Electric guitars
Riots in airports everywhere that we go
Mascara meltdown hysteria a go go
Electric guitars
Grander than castles cathedrals or stars
Electric guitar
Riots in airports everywhere that we go
Mascara meltdown hysteria a go go
Electric guitars
Grander than castles cathedrals or stars
Yeah yeah yeah yeah
Everywhere that we go
Mascara meltdown hysteria a go go, jo jo
Electric guitars
Electric guitars
Electric guitars
