

Feel You Around Me

[NRBQ](#)

I work two jobs just to pay for your clothes, it's still the job of the man
I don't mind my working so hard to give me all the love I can stand
Everybody does something in life, I do what i'm required to do
I can take most anything but I couldn't last a day without you Oh when I feel you around me
Oh when I feel you around me All my friends think that I'm a big fool, and not the man we used to know
But I don't care what my friends all say 'cause they just don't know what I know No doubt about it, you can turn
my world upside down
No way around it, I know the way I'm feeling right now
In all my days of being in love, I can't tell you all I been through
I can take most anything, but I can't last a day without you Mhm when I feel you around me
Oh when I feel you around me BREAK No doubt about it, you can turn my world upside down
No way around it, I know the way I'm feeling right now
And I wanna shout it, you can turn my world right side up
Now that I found it, well having you is more than enough Everybody does something in life, I do what I'm
required to do
I can take most anything, but I couldn't last a day without you
Oh when I feel you around me
Oh when I feel you around me
Oh when I feel you around me
Oh when i feel you around me
