

Coast 2 Coast (suavemente)

Angie Martinez

Wyclef, chillin' with Angie
Live at Jimmy's, worldwide, baby
Azucar
Suavamente, besame
Angie Martinez, can I get a date on Friday?
Suavamente, just when I thought she'd say yes
That's when a kid pulled the tec an' the whole crowd parted
Why you fuckin' up the party before it gets started?
It's Angie, the way I flip it make you switch your shit to plan B
An' I'll be dipped out in the club lookin' fancy
An' we ain't chillin', too tough if you ain't family
You mad at me, man, please, I'm chillin' low key
That's why I got my little hat on
In the V.I.P., where everybody high fashion
Gettin' they mack on, thirsty fo' satisfaction
An' it's bound to happen like Latin's goin' platinum
Now we in it lookin' for the big peso
An' my song inspired by Elvis Crespo
An' we gettin' it started, so baby, let's go
Nasty boys in the party singin', "Dame Webo"
Better, make it easy 'cause we livin' suave
Be 'bout the 'Smooth Operators' like Sade
Coast 2 Coast, New York to Chicago
East L.A.
Suavamente, besame
Angie Martinez, can I get a date on Friday?
Suavamente, just when I thought she'd say yes
That's when a kid pulled the tec an' the whole crowd parted
Why you fuckin' up the party before it gets started?
Funny how times flies when you gettin' drunk
It's three A.M. an' we still ain't had enough
'Bout the time when everybody know whassup
See them niggaz pushin' up, now you know they wanna, what?
See the big poppas chasin' muchachas
Whylin' out, right, right, be like ooh la la
But they gets nada, make me laugh ha ha
Like ha ha ha, ha ha
They be silly boys in brand new clothes
Actin' up with nothin', puttin' on shows

At the bar, frontin', strikin' up a pose
In Cubic Zircon's like nobody knows
But it's okay, papi, I won't tell
If they don't know, you might as well
Do your thang, duh dah dah duh dah
Pero suave, yo
Suavamente, besame
Angie Martinez, can I get a date on Friday?
Suavamente, just when I thought she'd say yes
That's when a kid pulled the tec an' the whole crowd parted
Why you fuckin' up the party before it gets started?
Suavamente, besame
Angie Martinez, can I get a date on Friday?
Suavamente, just when I thought she'd say yes
That's when a kid pulled the tec an' the whole crowd parted
Why you fuckin' up the party before it gets started?
