

Alien

Cary Brothers

Breaking your heart was never my intention
Playing with parts too fragile in the ending
 We have become alien
 We have become alien
Give me a song that weighs a tonne
 We have become alien
Stop and we start asking all the questions
 Raising alarm
 A symptom of the tension
Though we're unarmed we fumble through the trenches
 Taking apart all that we invented
 We have become alien

 We have become alien
Give me a song that weighs a tonne
 We have become alien
We played the part 'til comfort's gone
 Now the only language is loss
 Oh
 Oh
 The language of loss
 Oh
 Oh
We have become alien
We have become alien
Give me a song that weighs a tonne
 We have become alien
