Cry Murder

Sumo Cyco

Gonna go off on a tangent
Like a bandit thief in the night
But i caught you red-handed
Off on a tangent
Like a bandit thief in the night
But i caught you red, caught you redThere is something wrong here, wrong here
Yeah, you like to play on my fear, on my fear
I don't believe what I hear, it's unclear
Think once, think twice and fight for what you hold dearTook a look around, found they're trippin' on the power
Feedin' all the people a vision of a liar
You devour, load it, cock it, fire
Think we're all expandable
We're building an empireYou can't deny it
Let's start a riot
Cry, cry, cry, cry, cry, cry murder!
Cry, cry, cry, cry, cry, cry murder!You won't survive it
Let's start a riot
Cry, cry, cry, cry, cry, cry murder!
Cry, cry, cry, cry, cry, cry murder!Force it like a plyer, a plyer
No, the rules don't apply here, apply here
Treat me like a number, I wonder
A trick, a switch from under, wake up to the thunderSuffer, hurt, despair
Can't feel it from the chair
Give it to 'em now and they won't give it back later
If she won't make her blackmail every hater
Order up a killing, you're forgiving, sign a waiverYou can't deny it
Let's start a riot
Cry, cry, cry, cry, cry, cry murder!
Cry, cry, cry, cry, cry, cry murder!You won't survive it
Let's start a riot
Cry, cry, cry, cry, cry, cry murder!
Cry, cry, cry, cry, cry, cry murder!Cry murder, cry murder
Murder, murderYou think you control me
And I can't take it no more
So, don't tell me a story
Because I've heard it beforeGonna go off on tangent
Like a bandit thief in the night
But i caught you red-handed
Off on the tangent

Like a bandit thief in the night
But i caught you red-handedYou can't deny it
Let's start a riot
Cry, cry, cry, cry, cry, cry murder!
Cry, cry, cry, cry, cry, cry murder!You won't survive it
Let's start a riot
Cry, cry, cry, cry, cry, cry murder!
Cry, cry, cry, cry, cry, cry murder!
