

I Could Get Used To This

Sherry Lynn

Iâ€™m almost there just a couple more miles
Then itâ€™s just you and me and a bottle of wine
Leave the world outside
Itâ€™s been a long week and long long days
But you know just what to do just what to say

When Iâ€™m worn out weighed down
Boy you turn my world around
And make everything ok

Cause there ainâ€™t nothing I can compare to your lovin
Baby Iâ€™ll tell you itâ€™s something I just canâ€™t resist
The way you hold me kiss me and pull me in slowly
Heaven knows where its going or how your doing it
But honey I could to this

Thereâ€™s something in the way you make me smile
And baby how you make me laugh out loud
It just feels so right
Cause Iâ€™ve had tough luck in love
boy Iâ€™d almost given up Until you came along

Cause there ainâ€™t nothing I can compare to your lovin
Baby Iâ€™ll tell you itâ€™s something I just canâ€™t resist
The way you hold me kiss me and pull me in slowly
Heaven knows where its going or how your doing it
But honey I could to this

This feelin I get I can let myself be myself
Ainâ€™t no one else can love me like you
Do the things that you do to me

Cause there ainâ€™t nothing I can compare to your lovin
Baby Iâ€™ll tell you itâ€™s something I just canâ€™t resist
The way you hold me kiss me and pull me in slowly
Heaven knows where its going or how your doing it
But honey I could to thisâ€¦I could get used to this
