Daily Routine

Animal Collective

Just a sec more in my bed

Hope the machine's working right

When it's just precisely tuned

That's how it comes out so niceMake sure my kid's got a dress

Keys and coat and shoes and hat

Strap a stroller to my back

Bouncing along every crackWhat good is it to make it fast?

Sing a song to pass the playground

What can I do as traffic pass

Guard my girl from muffler's black gas? What can I do to make it fast?

Pop a jump but not too hard

Take a little look up at the ramp

Stop and look at the traffic signalUp uneven steps and talking's hardJust a sec more in my bed

Hope the machine's working right

When it's just precisely tuned

That's how it comes out so niceMake sure my kid's got a dress

Keys and coat and shoes and hat

Strap a stroller to my back

Bouncing along every crackWhat good is it to make it fast?

Sing a song to pass the playground

What can I do as traffic pass

Guard my girl from muffler's black gas? What can I do to make it fast?

Pop a jump but not too hard

Take a little look up at the ramp

Stop and look at the traffic signalJust a sec more in my bed

Just a sec more in my bed

Hope my machine's working right

Just a sec more in my bed

Hope my machine's working rightJust a sec more in my bed

Hope my machine's working right
