

Yellow Raincoat

Justin Bieber

Cuz I put on my raincoat, my yellow raincoat
Baby it's keepin' me dry
I put on my raincoat, my yellow rain coat
You'll know exactly why
When the wind blows and the sun goes away
On the sinful, stormy day that's when it's fine, that's when it's fine
And as it pours down, the water sprinkles off my jacket slow, yeah?jacket slow, yeah
Well never do I ever do I ever want this to phase me
Well never do I ever do I want this thing to make me
Cuz the fame and the money and the girls drive you crazy
And all the he said she said I'm thinking maybe (just put on my)?
Cuz I put on my raincoat my yellow raincoat
Baby it's keepin' me dry
I put on my raincoat, my yellow raincoat you'll know exactly why
But as I look around, I see
Well nothing can't ever change me
All I gotta do is stay me
Let the rest do the work and I'm sure that I'll be fine
Be fine

When the wind blows and the sun goes away on
A sinful, stormy day that's when it's fine, that's when it's fine
And as it pours down, the water sprinkles off my jacket slow, yeah?jacket slow, yeah
Well never do I ever do I ever want this to phase me
Well never do I ever do I want this thing to make me
Cuz the fame and the money and the girls will drive you crazy
And all the he said she said I'm thinking maybe... (just put on my)?
Cuz I put on my raincoat, my yellow raincoat
Baby it's keepin' me dry
I put on my raincoat, my yellow raincoat you'll know exactly why
(Just put on my)
do-do-do-do-do-do do-do-do-do
do-do-do-do-do-do do-do-do-do
do-do-do-do-do-do do-do-do-do (Just put on my)
Cuz I put on my raincoat my yellow raincoat
Baby its keepin' me dry
I put on my raincoat, my yellow rain coat
You'll know exactly why (yeah)
