Move On

George Michael

I've been in and out of favor with lady luck
I gotta tell you, I've seen things I never wanted to see
I've got to get back on my feet, I feel like I've been sleeping
Sweet, sweet time has been a real good friend of mine
Waiting for that change of season
Oh, the winter's been so long
Searching for that rhyme or reason
You've just got to
Move on, yeah
Hold it together, move on, move on
Life's so short, move on, only time will set you free
You put your tears behind you, better get yourself where you wanna be
I think of all the days and nights I spent crying and I move on
I've been in and out of favor with love because I gotta tell you
I've been things I never wanted to be
And then some angel called me up, he told me I was sleeping
Said "Don't waste time 'cos even angels say goodbye"
Waiting for that change of season
Oh, the winter's been so long
Searching for that rhyme or reason
You've just got to
Move on, yeah
Hold it together, move on, move on
Life's so short, move on, only time will set you free
You put your tears behind you, better get yourself where you wanna be
I think of all the days and nights I spent crying and I move on
And oh, there goes another season
Getting hard to find a decent song to play
But oh, I guess I got my reasons
Everybody thinks I'm doing a.o.k
They ought to know by now, yeah
Oh, that such a thing should make a mark on your life
And don't you think that maybe, moving on good advice?
Move on, I tell you
Move on, yeah
Hold it together, move on, move on
Life's so short, move on, only time will set you free
You put your tears behind you, better get yourself where you wanna be
I think of all the days and nights I spent crying and I move on

And life, she won't wait for me to move on
Put your feelings behind you
Better get yourself where you wanna be
I think of all the days and nights I spent crying
Until my angel set me free
I'm gonna be lucky in love someday
I'm gonna be lucky in love someday
