

What's Changed

Craig David

Advisory - the following lyrics contain explicit language:

Hey, baby, oh tell me, babe
Why do you wanna play these games with me?
Thought you always wanted to be with me Well, at first girl, I wanted to
But things have changed between me and you
That's why I don't know what I'm gonna do
Lately, you say, I've been acting kinda strangely
Like I don't love you no more, you say, "Call me"
But I just can't explain, it's all so crazy between me and you, baby Oh, an' even though at first you meant the
world to me
The time has come to spread my wings and be set free
So I can figure out a place where I belong
To find my way home now love is gone, now baby singin' Why don't you call me no more?
It was every night you were calling me before
Given half a chance, you'd be knockin' at my door
So, tell me what's changed Why don't you give me some time?
Tell me, 'cause I can't get you out of my mind
But up until now, we've been doing just fine
So, tell me what's changed Baby, since we met, I've treat you like a lady
But now I don't know what to do
I think maybe it's just that my well for you has run empty
What am I gonna do, baby? Oh, and even though at first, you made me so happy
My love for you has changed, so put the blame on me
Under pressure, it's too hard for me to stay
And I get so guilty when you page me everyday with hope Why won't you answer my page?
It was you who said things were never gonna change
And it seems like lately you're acting kinda strange
So, tell me what's changed Why can't you even pass by?
Spend some of your time, even just to say, hi
You're not the type of guy who would make a girl cry
So, tell me what's changed Girl, I know, it seems like I don't care
After all the things we used to share
Now, I know it feels like I've done you wrong

But the pain will heal the sooner that I'm gone
Still I can hear you sayin' Why don't you call me no more?
It was every night you were calling me before
Given half a chance, you'd be knockin' at my door
So, tell me what's changed Why don't you give me some time?
Tell me, 'cause I can't get you out of my mind
But up until now, we've been doing just fine
So, tell me what's changed Why won't you answer my page?
It was you who said things were never gonna change
And it seems like lately you're acting kinda strange
So, tell me what's changed Why can't you even pass by?
Spend some of your time, even just to say, hi
You're not the type of guy who would make a girl cry
So, tell me what's changed Girl, I never meant to make you cry
But it's so hard to find the words to say
So I never wanted girl, to hurt you
Oh no, girl please believe me
