# Touch Me Tonight

## Syleena Johnson

Lately it seems you've been messing around
What's really going down
You say you love me but I don't see
'Cause what you do, don't go with what you mean
Oh, oh, so what's the deal, how do you feel?
About our love or will we have to fight
What do we do, let's talk it through
It doesn't matter who is wrong or right
'Cause love grows when the heart knows
The time is all we need
If you make the time for me
We can make it
If we have patience
Just give all you can
I'll lead the way
So baby take my hand
I'll show you the way
I'll show you the way
To love someone
I'll cherish the day
When we become as one
I know that we don't always agree
But when we do, our love comes shining through
The love we share is always there
So let's not fight, just touch me tonight
'Cause love grows when the heart knows
The time is all we need
If you make the time for me
We can make it
If we have patience
Just give all you can
I'll lead the way
So baby take my hand
