

Get Trashed

The Killers

Sitting here on the bed
Trying to clear my head
But Brooke, you just won't budge
So, I look back instead Why'd you go away?
Useless when I say
Hey baby, I'll be the best
'Cause I'm a jealous mess So wash your hands from all this dirt
And take my words for what they're worth
Baby, I'll be the best
But you stand to protest And my stomach has been so abused
Your confusions got me so confused
But everything will be alright
If I get trashed tonight Sitting here on the bed
Trying to clear my head
But Brooke you just won't budge
So I look back instead Why'd you go away?
Useless when I say
Hey baby, I'll be the best
'Cause I'm a jealous mess And my stomach has been so abused
Your confusions got me so confused
But everything will be alright
If I get trashed tonight
