

Since You Said You Loved Me

Kassie Depaiva

I?ve been smilin? at the sun in the morning
Remembering the colors in my dreams
I?ve been talkin? to god a lot more often
Since you said you loved me
I?ve been sittin? back down at my piano
Singing songs from 1983
Been drivin? with my hand hung out the window
Since you said you loved me

**

And I been thinkin? much more about my life
And all the wrongs been turning out alright
Oh baby won?t you say it one more time

*

I?ve been thinkin? back on all the hearts I?ve given
Kisses that I tossed out to the sea
Wishin? I?d sealed them in a jar for safekeeping
Since you said you loved me

**

--instrumental--

And I been thinkin? a lot more about my life
And all the wrongs been turnin? out alright
Oh baby won?t you say it one more time

*

I?ve been gettin? long better with mama
Talkin? to more strangers on the street
Well I?ve been likin? the girl more in the mirror
Since you said you loved me
Ever since you said you loved me
Oh since you said you loved me

--Instrumental--
