

# Boo Thang (Explicit Version)

## Verse Simmonds

OK! This shit is so random  
And when I'm with you  
Is like a heart beats are in tandem  
And when our lips lock  
I just wanna hold your face for ransom  
You're beautiful and I'm handsome  
That'll be good for the babies  
If ever we go there maybe!  
It's crazy, no titles, but your my baby  
When I'm idle, thats your time  
Show time, and for you I wish I had more time  
Red wine, chocolate  
Baby you could be my Valentine  
More than just sex exchanged

Hey, girl, so glad that I found ya!  
Uh huh! Tell your friends, they're leaving without ya!  
Got a hotel room with a view of the city that I know you gon' like  
Got the candles leading to the bathtub baby, let's hop inside!  
And ride in the two door with the roof gone  
My oh my, baby it's been too long  
So grab your coat and your purse  
I'll walk out of here first  
Wait about five and I'll be parked outside!

I know we ain't got no strings attached  
But this could be a perfect match!  
And girl, we ain't no cuddy buddies  
'Cause this is way more than that!

You're my boo thang  
Can't get enough, I love your stuff  
Let's turn it up, you get what you want  
'Cause you're my boo thang  
And when your friends ask  
I'm not your man just the closest thing that you have  
(To a boo thang, boo thang  
Boo thang, boo thang  
Boo thang, Boo!)

(To a boo thang, boo thang  
Boo thang, boo thang  
Boo thang, Boo!)

Hey, girl, I can't leave here without you, uh huh!  
And how you're looking I love everything about you!  
Girl it's more than your body, I'm making love to your mind  
And every time that I want you  
You're ready all the time!

I know we ain't got no strings attached  
But this could be a perfect match!  
And girl, we ain't no cuddy buddies  
'Cause this is way more than that!

You're my boo thang  
Can't get enough, I love your stuff  
Let's turn it up, you get what you want  
'Cause you're my boo thang  
And when your friends ask  
I'm not your man just the closest thing that you have!  
(To a boo thang, boo thang  
Boo thang, boo thang  
Boo thang, boo)  
(To a boo thang, boo thang  
Boo thang, boo thang  
Boo thang, boo)

Baby turn the lights off  
All I wanna do is touch you!  
We could make a movie, baby  
Nobody do it like us two  
Yeah, boy put your hands all on my body  
Ride that thang just like a Harley  
So come on lets get it started  
Turn the lights off  
Baby, turn the lights off!  
Baby, turn the lights off!  
Just turn the lights off!
