Weak Heart

Ed Prosek

The air was still when we first met
And she held my gaze, and I held my breath with all my mind
It felt like hours, or maybe days
But when I close my eyes, I see her face
I see her face, yeahAnd it made me ill, to look away
And it hurts me still, cus there's so much more i'd like to say
But I lose my nerve, when it comes to giving you the love
That you deserve, so take my weak heart
Oh take my weak heart
And tie it to yours
So if I fall, I fall for her
And she don't know
That I think she's beautiful, cus I always choke
And the right words come out all wrong
But I swear I love you, Im sorry it took so long
But to tell you, to tell you thisAnd they're only words, they mean so much
And i'm always scared, that i'll make things worse
If its all it takes, is letting go
When you are sure of everything, just let me know
Take my weak heart
And tie it to yours
So if I fall, I fall for her
And she don't know
That I think she's beautiful, cus I always choke
And the right words come out all wrong
But I swear I love you, Im sorry it took so long
But to tell you, oh, to tell you this
