# Dead Silence

## Whitechapel

You'll never figure this out
This is the reason the world
Is filled with doubt
You'll never figure this out
This is the reason the world
Won't shut their mouth
Shut your fucking mouth
Who the fuck do you think you are?
I am willing to listen but I'm not willing
To follow these hollow words
They kill, they rape
They destroy everything
Stop wasting your life
Telling me when I'll lose mine
Your words will be erased
When I seal your mouth
And pull your tongue right
Through your throat
We are the ones who control our lives
Never let them decide
When we will meet our demise

We refuse these lies
You'll never figure this out
Who the fuck do you think we are?
How can you sit there and tell us
When we will die, then it fails us again
You bleed, we bleed
What's the point of these lies?
Stop wasting your life
Telling me when I'll lose mine
You'll never figure this out
You'll never figure this out
How can you be one with the dead
When you're split in fucking two?
How can you be one with the dead
When you're split in fucking two?
How can you be one with the dead?
It's better left unsaid

We are the ones who control our lives
Never let them decide
When we will meet our demise
We refuse these lies
