

# Heaven in Your Eyes

## Glen Washington

Glen Washington - Wages Of Sin

My god is real  
His holy presence I can feel now

The wages of sin is dead  
but the gift of Jah is eternal life  
we won't have to live and fraid  
when we live in a life that is right in Jah sight  
The youths of the future  
teach them the rights, bring the truth to their sight  
Remember your culture  
giving praises to Jah Jah both day and night

(chorus)

I've seen a vision  
Angels bow down before him  
and all the saints in this land  
gather around to adore him  
Jah is the rose of Sharon  
I see a wheel  
in the middle of the wheel  
conquering man lion  
if you live up to Jah  
you couldn't get a better deal  
O wordy is a man  
to open the book and lose the seven seals

My god is real, so real so real so real  
His love I can feel

If man would just humble himself  
giving honour to god  
You know that it's worth it  
Sometimes when I'm out and about  
i shout out his name  
and people say that I'm crazy  
each man got to answer  
for all that his done in this time  
and the wicked keep prosper

so open your eyes now youthman don't be blind

(chorus)

My god is real, so real so real so real  
His presence I can feel now

The wages of sin is dead  
but the gift of Jah is eternal life  
we won't have to live and fraid  
when we live in a life that is right in Jah sight

My god is real, so real so real so real  
His presence I can feel now
