

Girl On Fire

Rob Zombie

Yeah, I am the super-eye
A blackened dream a golden eye
Trapped in a fantasy
A silent clown, a villain see Mongrels of pinball filth
Electric shrines to boogey tilt
Dying is to get her way
Get it, get it, she want it, she want it Yeah, she's on fire
That girl's on fire
Burn me up, burn me up She's on fire
That girl's on fire
Burn me up, burn me up Yeah, get going under ground
A raven hood a blanket sound
(Save?) thee and aggravate
A ravaging, a frozen slate Time square in outer space
I kick the move right in your face
Satanic fantasies
Get it, she want it She's on fire
That girl's on fire
Burn me up, burn me up She's on fire
That girl's on fire
Burn me up, burn me up He is a megaman
A electric spark a desperate man
Track down to run away
Live to kill another day Mongrels of pinball filth
Electric shrines to boogey tilt
Dying is to get her way
Get it she want it She's on fire
That girl's on fire
Burn me up, burn me up (x4)
