

Might Have Ben Hur

Switchfoot

Everything I know tell me she's everything
That I could hope for
Everything I know tell me I can't let her
Walk away I took my time to find the words
I hoped she'd feel the same 'Cause I want someone to share my smile
To share the pain, to be there when the sea turns gray
To share the joy for better or worse
And I thought that it might have been her Wonder if she knows
The way I saw her soul light up my life
Wonder if she knows
Of the pain I feel tonight I took my time to find the words
I hoped she'd feel the same 'Cause I want someone to share my smile
To share the pain, to be there when the sea turns gray
To share the joy for better or worse
And I thought that it might have been her And I thought that it might have been her
And I thought that it might have been her
And I thought that it might have been her And I thought that it might have been
I thought that it might have been
I thought that it might have been her
