What Was Golden

New Navy

But in another crown was lost houses
And capture different stars and laughing
The .this world goes nowhere
Just pull us to the car stood out there
We dance beneath the waves stood overhead
We dance beneath the waves stood overhead
And we came for what was golden
And for ships i over turn
And we're miles into the ocean
Waves of gold fall down
Painted silver we're dressed in gold
We'll find lovers before we get too old
Painted silver we're dressed in gold
We'll find lovers before we got too old
And we came for what was golden
And from ships that over turn
We're miles into the ocean
But still days from the white sand
