

Something For You

Lindi Ortega

Verse 1

I don't need you to love me
I need you to hear me out
All these words that were trapped in my heart
Are finally free from my mouth I don't need you to love me
I need you to know how I feel
Cause I don't want to live in regret
Of what I didn't reveal Chorus
I just can't hold it inside
Lord knows how hard I've tried
I need to confess to profess
All these things that I'm feeling
And darling I'm feeling
Something for you Verse 2

I don't need you to love me
I just needed you to know
That all of this time well I wished you were mine
But I never let it show I don't need you to love me

I need you to understand
That I tried to control my heart
But it slipped through my hands Chorus

I just can't hold it inside
Lord knows how hard I've tried
I need to confess to profess
All these things that I'm feeling
And darling I'm feeling Bridge
What if it turns you away
And all that I'm left with are yesterdays
I know I need to be brave
Cause I know there's something I've got to say

I don't need you
I don't need you
I don't need you
I don't need you Outro
I don't need you to love me
But just in case you do
Just know how much I would love it
If you loved me too
