Ascend Into the Eternal

Incantation

Unseen eyes watch
closer I become one
I follow them down
riding the winds of the forgottenThe phantom in your heart
I am the hidden wisdom
The unconscious universe
Frozen in darknessLead me to this place where the dead
cry and sing
In the image of the beast I roam
Devoured by the earth and all it's
vengeance
Inside this mortal frame
I ascend in the eternal
Appease the wraith of the dead
I walk among the lifelessSo few stands in the hour glass
slipping so fast awayI ascend in the eternal
