

Sam's Place (Mono)

Buck Owens

There's a place down the street we call Sam's Place
Yeah, it starts a jumpin' every evenin' when the sun goes down
You can always find me down at Sam's Place
Yeah, 'cause that's where the gang all hangs around Well there's ol' shimmy skakin' Tena, she hails from
Pasadena
She always got a big smile on her face
There's old hootchie cootchie Heddy, she comes from Cincinnati
Yeah, there's always a party at Sam's Place Well, they've got a swingin' band down at Sam's Place
You can hear 'em pickin' twenty blocks away
Oh, they're playin' country music down at Sam's Place
From the setting sun until the break of day
Now there's ol' shimmy skakin' Tena
And I'll meet you tonight at Sam's Place
