

# Dead Enough For Life

## Icon of Coil

Proof and disproof  
Efficiency of prayer  
To false to be harmless  
Can never get enough I'm the three head watchdog  
This my revelation, my only disease  
A manifest of life [Chorus:] If I could reach trough, catch you  
Make you understand,  
If I'm not dead enough for life  
Am I alive enough for death? If I could reach trough, catch you  
Make you understand  
If I'm not dead enough for life  
Am I alive enough for death? A gift from the unknown, promises they gave us  
Rejection our faith, and I fought this purpose Emotions or images, drawn with a single line  
Our methods are unsound, a life I cannot offer, I cannot offer...
