

Sweet as Taboo

The Kid Daytona

Aha, we just vibin, coolin'
this is what it is
Yeah, cigar smoke pino .plan on being low,
4 bottle we can still holla if I need you though,
where I'm at for me to know,
stay smith for digi's flow, spend this tale see the flow,
subtitles on TV shows,
different wheel on the right side of the vehicle,
and it feel good to let ride f*ck em and bro,
we're looking from the outside now see it close,
I'm already so start to sip and so
sweet the most tougher than with me the most.
but she paid me what I deserve before hearsing my government,
anxious for the win, no second slap,
make sure is going in, no time to second guess,
recollect free tray steps and then I catch my breath
my young nigga stay willin and from respect,
silence is on text, death in full of.
I just need some rest all in.hundred sun.
Sweet as taboo for me to have you,
the finished just work of all I just need a bad muse,
when I pass through know I had to grab view,
turn you around look in your face to nex you.
let me know it, know it, let a nigga know it,
'cause I know where you at, gotta tell me where you're going,
let me know it, know it, let a nigga know it,
'cause I know where you at, gotta tell me where you're going.
Now I got my skin cop it and knock us a big copper,
helicopter .and loving their real trapping,
I'm on that other shit, sayin options
people watching, this is God sin,
everything in ride can pay it for,
lick my thumbs tips count pay for breaking rose,
I'ma praise and jewels, yeah I'm in my zone,
in the hood they'll be holing sign we buy go,
but I see past doughs, never me have no
though again no I can't have the lead I road
and the answer to the cash they say it's a .in
I put my foot on the gas and yelling under lay

without me though mean I got to go, no time to waste
I propose if this glass of rose I get mine to day
what I'm tryin to say I got a passion,
never had to find the fate and save the last .
