

# Forever Came Too Soon

Massari

I should of seen it coming  
But I was blinded by your eyes  
And the things that you use to say(In your heart there was a place for me)  
I'm trying to get over  
But I can't shake the thought of youShould of known and see the day  
When we would say goodbyeBaby, girl don't cry  
Wipe your tears away  
You're always in my heart  
It don't no matter how far  
Wishing I could stayForever came too soon  
Wishing I could spend  
More time with youWe had dreams to be together  
Can't get over you  
Forever came too soonAnd all the promises we made  
To be together  
Said we'd never throw it all awayI must be going crazy  
Thinking I could ever let you go  
After all that we've been throughIt's breaking me to see your tear  
I can't help but wonder  
If all of this was a big mistakeWish I never had to see the day  
When we would say goodbyeBaby girl, don't cry  
Wipe your tears away  
You're always in my heart  
It don't no matter how far  
Wishing I could stayForever came too soon  
Wishing I could spend  
More time with youWe had dreams to be together  
Can't get over you  
Forever came too soonAnd all the promises we made  
To be together  
Said we'd never throw it all awayThere's no right or wrong reasons  
Sometimes we go through change  
And there's somethings left unanswered  
That a heart just can't explainStill I got this feeling taking over me  
I just need to bring you closer  
I don't wanna let you goForever came too soon  
Wishing I could spend  
More time with youWe had dreams to be together  
Can't get over you

Forever came too soonAnd all the promises we made

To be together

Said we'd never throw it all away
