

Forever Came Too Soon

Massari

I should of seen it coming
But I was blinded by your eyes
And the things that you use to say(In your heart there was a place for me)
I'm trying to get over
But I can't shake the thought of youShould of known and see the day
When we would say goodbyeBaby, girl don't cry
Wipe your tears away
You're always in my heart
It don't no matter how far
Wishing I could stayForever came too soon
Wishing I could spend
More time with youWe had dreams to be together
Can't get over you
Forever came too soonAnd all the promises we made
To be together
Said we'd never throw it all awayI must be going crazy
Thinking I could ever let you go
After all that we've been throughIt's breaking me to see your tear
I can't help but wonder
If all of this was a big mistakeWish I never had to see the day
When we would say goodbyeBaby girl, don't cry
Wipe your tears away
You're always in my heart
It don't no matter how far
Wishing I could stayForever came too soon
Wishing I could spend
More time with youWe had dreams to be together
Can't get over you
Forever came too soonAnd all the promises we made
To be together
Said we'd never throw it all awayThere's no right or wrong reasons
Sometimes we go through change
And there's somethings left unanswered
That a heart just can't explainStill I got this feeling taking over me
I just need to bring you closer
I don't wanna let you goForever came too soon
Wishing I could spend
More time with youWe had dreams to be together
Can't get over you

Forever came too soon And all the promises we made

To be together

Said we'd never throw it all away
