Mystery Achievement

The Pretenders

Mystery achievement
Don't breathe down my neck no
I got no trophies on display
I sign them away
I mean what the heck
All of your promises
Don't fill me with pride no
I just wanna get out on the floor
And do the Cuban slide, slide, slide, slide

But every day, every nighttime I find
Mystery achievement
You're on my mind
And every day, every nighttime I feel
Mystery achievement you're so unreal

Mystery achievement
Where's my sandy beach? Yeah
I had my dreams like everybody else
But they're out of reach
I said right out of reach
I could ignore you
Your demands are unending
I got no tears on my ice cream but you know me
I love pretending

But every day, every nighttime I find
Mystery achievement
You're on my mind
And every day, every nighttime I feel
Mystery achievement you're so unreal
