

# Wow and I Say Wow

## No Fun At All

I want things and I want them now  
Always broke I can't see how  
I can stop this poorness ball  
No fun at all Give me money give me gold  
It brings me happiness I'm told  
I need experience in being rich and need it now  
I need everything I say wow..wow..wow and I say wow  
Give me everything  
I say wow..wow..wow and I say wow  
Give me everything Lots of money in the stock exchange  
All of it outside my range  
This fact really pisses me off  
I could use a lot of stuff
