

# Better Off

Jennifer Knapp

Wish I'd known the way  
Wish I'd found the door  
Wish I took the path  
You showed me before Because I'd be better off  
I'd be a better man  
If I was what you want  
And not what I am Be careful what you wish  
I am a dream come true  
And now I'm someone else  
Who only wanted you And I'd be better off  
I'd be a better man  
If I was what you want  
And not what I am I don't fear the break  
I can't feel the bend  
If it's what you want  
Then I know, I know I can Please believe in me  
Don't believe in me  
I won't be thrown away Please believe in me  
Don't believe in me  
I'll try to make it plain  
That I can change, I can change Wish I'd known the way  
Wish I could find the door  
That can take us back  
To where we were before We were better off  
I was a better man  
I was what you wanted  
And not what I am I don't fear the break  
I can't feel the bend  
If it's what you want  
Then I know I can 'Cause I'd be better off  
I'd be a better man  
If it's what you want  
Then I know I can
