Fear Factory

Desensitized by the values of life
Maligned and despaired by government lies
Revenge so strong
Taste it on my tongue
My gun will be
Your angel of mercy
Dislocated by the eyes of disdain
Abused beyond recognition
I can't cope with
The madness abounding
Blasts in my head
Of gunfire resounding
Firing relentless
Killing the senses
I've got no more goddamn regrets
I've got no more goddamn respect
I, I'm the thorn
In your eye
I am the thorn
In your eye
Eye
I am the thorn
In your eye
I am the thorn
In your eye
Revenge so strong
Taste it on my tongue
My gun will be
Your angel of mercy
I've got no more goddamn regrets
I've got no more goddamn respect
I've got no more goddamn regrets
I've got no more goddamn respect
I've got no more goddamn regrets
I've got no more goddamn respect
Regrets
Respect
Regrets
Respect
Regrets
Respect
Regrets
Respect
Regrets
Respect
